

ADOFOAM

Description

A tough PVC foam tape coated on one face with a special pressure adhesive and on the opposite face with an easy-to-remove backing paper. **ADOFOAM** is ideal for sealing joints in formwork which are inaccessible for application of **ADOTAPE**, such as butt joints. When compressed by 30% its closed-cell structure effectively seals joints preventing grout loss. Whereas open cell foams require significantly greater compression to achieve the same effect.

Application

Follow general instructions as for **ADOTAPE**.

Roll Dimensions

Standard	Thickness 6 mm.	Width 12 mm.	Length 12 metres
Thin	Thickness 3 mm.	Width 12 mm.	Length 25 metres
Carton	40 Rolls		

Non standard sizes are available by special request.

Storage

Store at room temperature and protect from direct heat.
